

Emergency Medicine

December 5, 2017

To Whom It May Concern,

This letter is in support of Ms. Ellie Malehorn's application for an internship opportunity with your organization. I have known Ms. Malehorn in my role as her mentor through the Career Mentorship Program offered through Hilliard-Bradley High School and the Hilliard School District. Ms. Malehorn is considering pursuing a career in the medical field and she spent a semester with me observing our practice model at the Nationwide Children's Hospital Hilliard Urgent Care. In this capacity Ms. Malehorn was able to experience doctor-patient interactions and shadow alongside the Urgent Care staff as they cared for ill and injured patients.

Ms. Malehorn was always very professional and mature in all of her interactions with patients, families and our staff. She was highly regarded by all of the Urgent Care staff for her poise, pleasant bedside manner and genuine interest in learning as much as possible during her time with us. She was always prompt, had excellent communication skills and took advantage of all learning opportunities that she was presented with.

From speaking to Ms. Malehorn and others I know that she is a strong leader at her high school and is actively involved in many extracurricular activities representing the school. I know she takes great pride in her role as Drum Major with the school band, a band that has won many awards and honors in part due to her leadership.

I strongly support Ms. Malehorn's application for an internship position. I am certain that you will be pleased to have her join your organization and ultimately proud of her performance as an intern.

If you have any questions regarding this applicant please do not hesitate to contact me directly.

Sincerely,

Marc Leder MD
