To whom it may concern,

I am writing today to express my overwhelmingly positive recommendation for Ellie Malehorn for future internship opportunities. I had the pleasure of getting to know Ellie during a semester-long career mentorship relationship from January through May of 2018.

Ellie stands out from her peers in so many ways but most notably for me, in her maturity. I am routinely a preceptor for Doctorate of Pharmacy students and Pharmacy Residents and she is on par or more mature than many students in these advanced career programs. She always asked well-developed, thoughtful questions that really displayed a passionate interest in the field of pharmacy and an innate understanding of healthcare in general. She is personable, approachable, well organized, a quick learner, and highly self-motivated – all qualities that I know you will be able to discern from her resume and from meeting her in person.

I have no doubt that Ellie's resume speaks volumes to what she is able to accomplish academically. Please know that she is exceptional as a person as well – someone you would be lucky to have on your team, in any capacity. I look forward to hearing about everything that she will undoubtedly accomplish.

If you need any additional information from me, feel free to contact me at the addresses above.

Sincerely,
